More steps forward... and more new faces!

Well I write to you as I sit recovering from my first back to netball session after a year's break!

So lovely to get back to doing something I enjoy, with appropriate changes to allow for Covid rules, although even with the new increased marking distance, when you are only 5 foot 4 (on a good day) it's still hard to shoot past the very tall goal keeper marking me, whose arms still seem to go on forever! Even though I only got one in, it was great to be running around in the evening sunshine with familiar (similarly flushed) faces!

And speaking of faces, we have a few new ones to introduce!

We said goodbye to our training GPs Drs Mercer and Henry, and we wish them well as they continue their hospital training. We have been joined by 2 new training GPs: Dr Fraser Cameron and Dr David Goldsmith who are both fully qualified Doctors at slightly different stages of their training, gaining essential experience in general practice.

Like all our training GPs, they are paired with another GP each day, for any questions or queries.

In addition, we have another associate GP who has joined the team!

Dr Jayne Turner grew up in Stoke on Trent, and her medical career has had a slightly different path!

Dr Turner initially trained as a complimentary therapist and homeopathist.

She then went to Manchester University to train in medicine and decided to pursue her career in general practice, starting out on the Wirral.

She is delighted that her dream of being a GP has been actualised, and was pleased to join what she described as a 'great team' here at Great Sutton!

Dr Turner enjoys all aspects of general practice, but in particular aims to bring into it an appreciation of a holistic approach to treatment, which we know will compliment our existing practice.

Dr Turner has practiced meditation for 15 years, loves being out walking in nature, and is looking forward to getting back to swimming and yoga as excellent methods of relaxation... which sounds lovely after my netball....!

Anyway, hope you are all staying safe and enjoying this lovely weather, and join us in welcoming our new team members.
